

ENLIGHTENING THE ENTREPRENEURIAL SPIRIT RESIDENTIAL BOOTCAMP at IIT ROPAR

This bootcamp will provide the students an insight of entrepreneurial options which they have on their plates but are unaware of. It is a bootcamp which will bring together many aspiring young entrepreneurs, students and professionals at one common place. It opens an avenue to work in teams and learn how to build a scalable solution to an opportunity ready for innovation.

WHY YOU SHOULD ATTEND

Participants will hear from and meet with local entrepreneurs and innovators, experience the concentrated active learning experience so as to gain entrepreneurial skills and techniques

Students from different states will get to network amongst students, wannapreneurs, entrepreneurs, industry representatives and officials.

With the residential training workshop, the aspiring students/entrepreneurs will get to experience an entrepreneurial environment.

Promote entrepreneurship through education, training, and applied research.

It will create future workforce to run entrepreneurial activities in school & region

OBJECTIVE

Spreading awareness about the entrepreneurial opportunities that are provided through government initiatives in the country. To become a catalyst in facilitating emergence of competent first generation entrepreneurs by identifying the young enthusiastic entrepreneurial minds that will eventually set a goal for future developments

Registration is open for the students of 8th onwards, amongst them 120 students will be selected for the bootcamp.
